This agreement between Celect Communications, LLC and the above name, hereinafter referred to as "Celect", and the "Customer".

WHEREAS, Celect has agreed to provide the Access Plus Cable Modem connection to the Internet to the Customer based on terms and conditions agreed to between the parties. Celect has agreed to provide the Access Plus service at a symmetrical data transfer rate of up to 1 MEG per second. It should be noted that speed limitations can be impacted by elements on the Internet that are beyond the control of Celect.

NOW THEREFORE, IT IS HEREBY AGREED AS FOLLOWS:

1. Internet Access. Celect agrees to provide a direct Access Plus Cable Modem Internet connection for the Customer's Use at the residence located above, and for no other one's use except for the Customer. It should be noted that Celect access does not guarantee the ability to access every single location or function on the

other one's use except for the Customer. It should be noted that Celect access does not guarantee the ability to access every single location or function on the Internet, as these are impacted by aspects outside of Celect's control.

2. Rates. For providing the Access Plus connection to the Internet, the Customer agrees to pay to Celect the monthly charges selected below due and payable on the tenth day of each month.

3. Duties and Responsibilities of Customer.

1) The Customer agrees not to use the Internet access being provided by Celect for any purpose that violates Federal, State or Local laws. The Customer agrees not to use the access to interfere with or disrupt network users, service or equipment. Such interference or disruption includes, but is not limited to:

- a) Distribution of unsolicited advertising;
- b) Propagation of computer worms or viruses;
- c) Use of the network to make unauthorized entry to other computational, information or communication devices or resources;
- d) Unauthorized, improper network settings in customer owned equipment causing external network failures or disruptions of Celect or other networks;
- e) Copyright or trademark violations.

2) The Customer is responsible for the purchase, installation and maintenance of a network card to utilize the Cable Modem service. Any other hub or network equipment utilized by the customer must be PPPoE compatible.

3) Cable Modem service is considered operational and functioning when successfully tested at the internal jack location. The interface and operation of Cable Modem service on network hubs, routers or other network equipment is the responsibility of the Customer. The Customer will be responsible for any charges associated with a technician site visit that is deemed to have resulted from circumstances related to the equipment owned by the Customer.

4. Duties and Responsibilities of Celect. Celect will be responsible for providing the Customer with access to the Internet. Celect, however, shall not be reliable to the Customer for any delay in performance due to force majeure, strikes, acts of God or other delays beyond its control. Celect will not be liable for any charges, damages losses or replacement of any Customer owned equipment or data that is deemed to result from work performed on the Customer's equipment by Celect technicians at the Customer's request.

5. End Users Conditions. The Customer hereby stipulates and agrees that it will not allow any dial up or other connection or access to its Internet access through modems or any other means.

6. Indemnification. The Customer agrees to hold Celect, its officers, agents and any of its members harmless from any liability arising from special, indirect or consequential damages including but not limited to any loss of profits, loss of opportunity or any other loss which may result from the use of, misuse of or lack of availability of Internet access by Celect. The Customer agrees to hold Celect, its officers, agents and any of its members harmless from any liability arising from the inability to access the Internet continuously at the maximum potential speed and from the inability to access any singular web location or function.
